American Beauty Rose

The painting on our cover is of the American Beauty rose...official flower of the District of Columbia.

Once among the most popular flowers in the United States, the true American Beauty is rarely seen today, except in greenhouses and gardens of those who cultivate classic "Old Roses."

The American Beauty is a Hybrid Perpetual, a class of rose that was the glory of Victorian and Edwardian gardens. It results from exceedingly complicated crossings of ancient roses and new types.

The rich perfume and opulent flowers of this rose have made it an American classic...and an appropriate choice as the flower for one of the most beautiful and impressive centers of government in the world. The architecture of the nation's capital, often described as "American classic" seems to match the American Beauty rose in grand concept of "design."

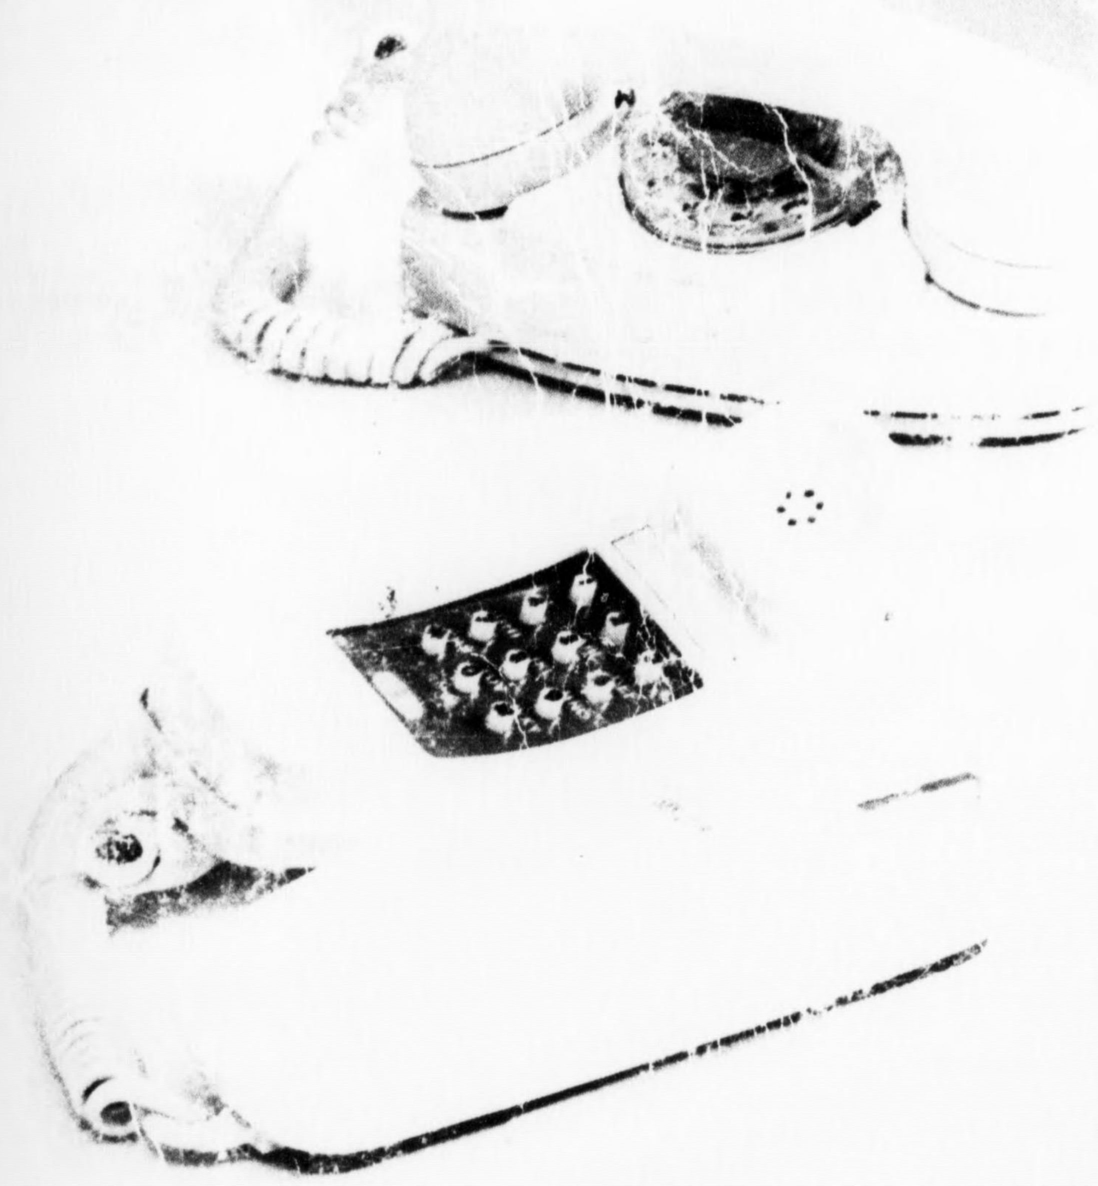
Anne Ophelia Dowden, creator of the painting on our front cover, is one of America's outstanding botanical artists. Her extensive experience as a professional artist...mural painter, textile designer, teacher...has enabled her to bring a refined technique to the love of her life—drawing and painting plants.

"As a small child, I collected and drew any living thing that came my way," she says. "My convictions have led to the development of what is probably the world's slowest working method." Her practice of painting only from the live plants themselves involves travel and exact timing. "Quick trips to the country often end with the bathtub full of floating flowers, to be kept fresh until I can preserve them permanently on paper!"

Mrs. Dowden studied painting and illustration at Carnegie-Mellon University in Pittsburgh. She taught drawing at Pratt Institute in New York while continuing to study painting. Her work also includes creation of original wallcoverings and fabrics.

Before becoming totally committed to botanical illustration and book publication, she helped found the Art Department at Manhattanville College in New York.

Mrs. Dowden is presently working in her New York studio, adding another book to her "repertoire" of publications.



THE WALL PHONE
A favorite where counter space is at a premium.

THE TRIMLINE® WALL PHONE
Features a handy place to rest the receiver, so you can put it down without hanging up.

THE PRINCESS® PHONE
At a flick of a switch the Princess telephone glows with a soft night light.

Order your favorite.

For the model and color of your choice call our business office. You'll find the number in the Call Guide section of this directory.

THE DESK PHONE
The basic phone for home or business (Illustration shows the Touch-Tone dial available in many areas.)

THE TRIMLINE® PHONE
Walk-around convenience with the dial right in the handset, and the dial lights up.

Various combinations of the equipment, services, and colors displayed may entail additional one time or monthly charges.
The colors shown may vary slightly from actual instruments. Also, colors could be added or deleted during the life of this directory.

THE TOUCH-TONE® DIAL
In many areas every telephone model (like the Trimline phone) is also available with the new super-fast Touch-Tone pushbutton dial. Your business office can tell you if you can order Touch-Tone phones in your local area.
